

Branding Examples - Open Layouts

Open layouts incorporate the event title and date in the body of the landing page. They feature full-page background images and more options for placement of the registration form.

Note: In Title Top layouts, you can set a background color for the registration container (the box that holds the registration form and landing page content). Side-by-side layouts don't have a registration container; landing page content displays over the page background.

Visit these example events to compare different registration layouts, banners, colors, and background treatments. The events are branded for Alltrek.

Registration Layout	Registration Page Branding	Event Window Branding
Title Top, Right Registration with transparent banner	Left and right logos Transparent banner shows page background White registration form White registration container Page background with full-screen image	Slides, presenter video, custom player tab Sponsor logos Transparent player container shows page background Dark green page background (#183200)
