

Button and tab color | Open layouts

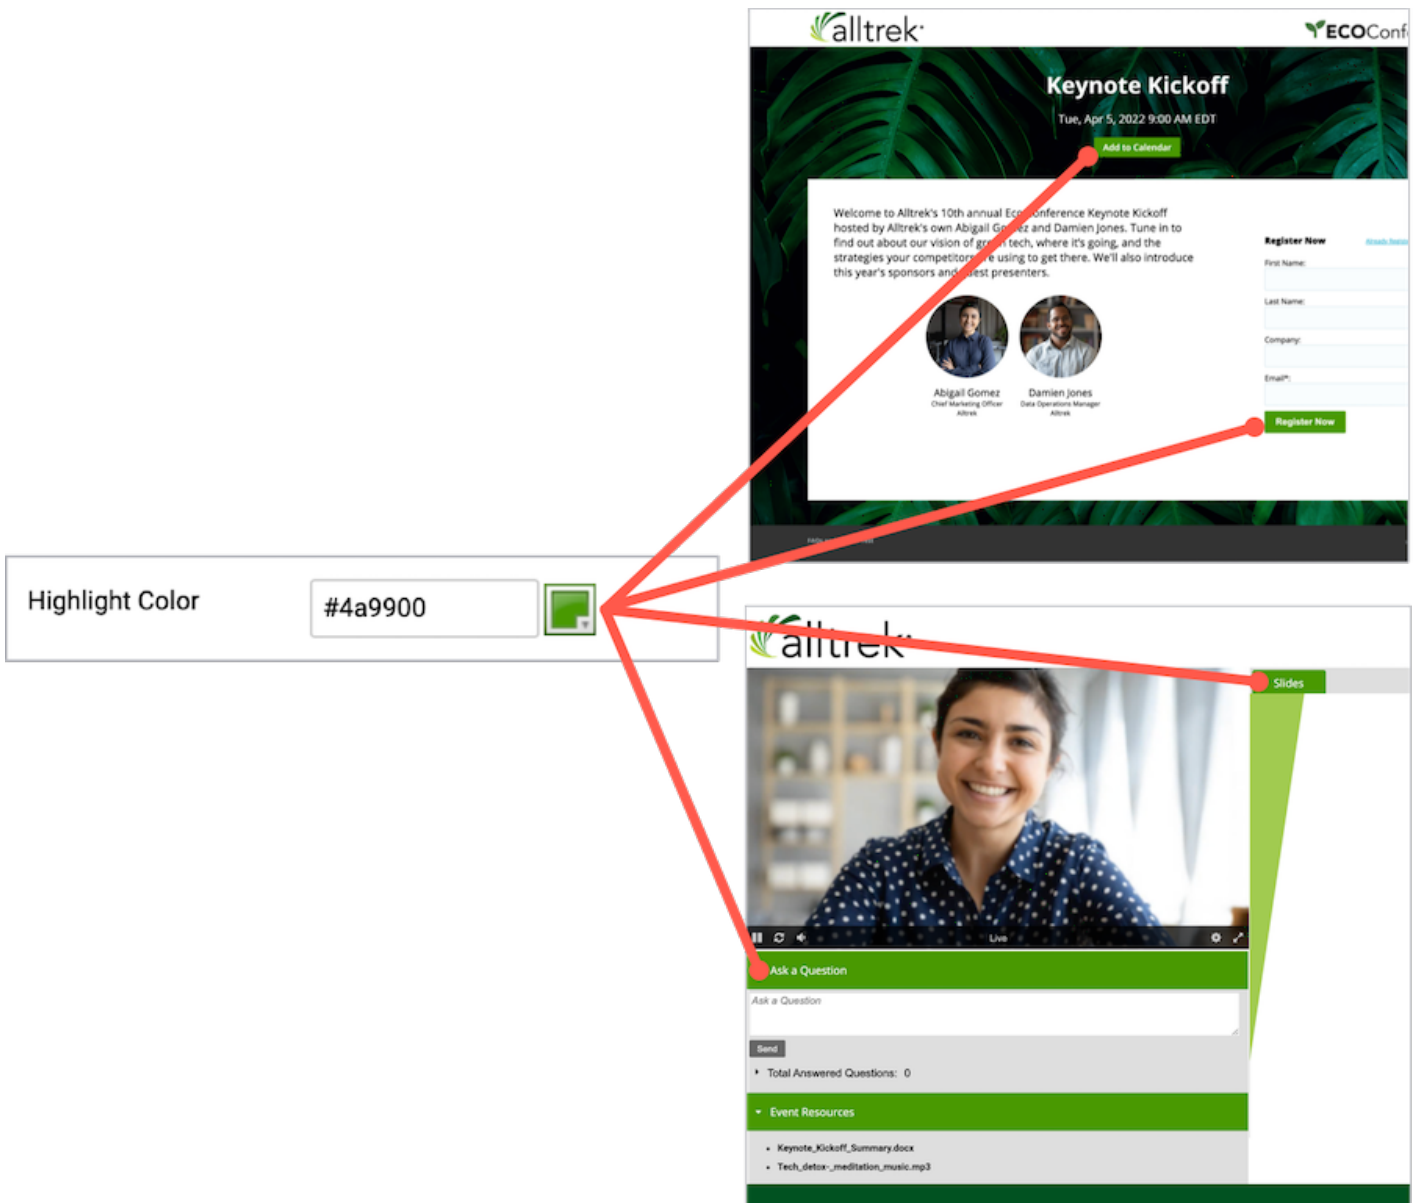

The highlight color sets the color of the buttons on the registration page and the primary and sidebar tabs in the event window.

Note: The text color is automatically set to white or black, to contrast with the highlight color. If you select a dark color, the text is white. If you select a light color, the text is black.

To change the highlight color:

Go to the Player & Branding tab. Open **Advanced Branding** and set the Highlight Color.

This example shows green buttons on the registration page and green tabs on the event window.
