# Set up an event in another language

Language templates contain many common text elements translated from English to other languages. If you're hosting an event in another language, we can assign a language template to a specific folder in your account. When you create new events in the folder, the template automatically translates the text on the registration page and the audience event window to that language.

Note: Only new events created in the language template folder are translated. Events moved into the folder from another folder are not translated.
To have language templates set up for your account, contact Support.

Jump to: Translated elements | Available languages | Examples

Translated elements

The following table shows the elements that are translated on the registration page and audience event window.

Notes:

- Language templates don't translate the event __TITLE__ or the __DATE__ auto-fields on the registration page. To customize the title and date, enter them in the Landing Page Content section. To learn more, see Customize the event title and date | Bar layouts or Customize the event title and date | Open layouts.

- Language templates only set the language for the registration page and the audience event window. They don't set the language for the Webcast Admin portal, the Live Studio, or the editing studio.

Page	Elements translated

Registration page	Landing page labels
	Login form fields
	Meeting Room View page
	Registration form fields
Event window	Audience chat tab
	Event resources tab
	Q&A tab
	Slides tab
	Video player
	Welcome message

Available languages

You can request templates in the following languages:

- English, American

- Chinese, Simplified

- Chinese, Traditional

- Czech

- Danish

- Dutch

- French

- French, Canadian

- German

- Italian

- Japanese

- Korean

- Polish

- Portuguese, Brazilian

- Romanian

- Spanish

- Turkish

- Vietnamese

Examples

The following examples show an event created within a folder with a Spanish language template. Notice that the Add to Calendar button, registration fields, buttons, and tabs and other text on the event window are in Spanish.
